

When we invest in conservation, we invest in Washington's future.

Thank You For Passing The Great American Outdoors Act

SENATOR MARIA CANTWELL • SENATOR PATTY MURRAY
REPRESENTATIVE DEREK KILMER

This landmark legislation **fully funds the Land and Water Conservation Fund** which supports a wide range of parks and conservation projects—from local playgrounds and ballfields to wilderness areas and working forests. The legislation also **invests in fixing roads, trails and other infrastructure at our national parks and other public lands**. Thanks to your efforts, Washington communities, visitors, and businesses will benefit for years to come.

YOU'VE MADE WASHINGTON PROUD
